

## What is Junior Audubon?

We are a nature club specifically for kids. We offer fun, hands-on education programs for kids who are interested in learning more about nature.

Birds are our main focus at our monthly meetings, but we will also learn about the natural world and environments that support them. Meetings will be held at the City of Holland's DeGraaf Nature Center on Saturdays once per month.

### Meeting Format:

- 2 hours
- Featured Bird of the Month
- Activities
- Birding Hikes
- Crafts
- Wildlife Programs

### Junior Audubon Chair:

██████████ ██████████

## What Types of Programs?

As a club we will plan additional special nature programs at different times throughout the year.

**A Nature Hike**—Wildflower hikes, snowshoeing, birding hikes, and nature discovery programs at local nature centers

**Crafts**—We will be building bird feeders, bird nesting boxes, and bird calling tools

**Birding Trips**—Join a group of birders from the Junior Audubon and the Holland Audubon

**Wildlife Programs**—Information about birds of prey, Michigan reptiles and amphibians, nature camps, fishing, owl pellet dissection and more
